2010 CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

C - 1

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

During the three (3) year period 2007 through 2009, the Township of Middle has appropriated funds received from the sale of Township land amounting to \$2,714,000 into the capital improvement fund to set money aside for future capital improvements. The balance in that fund at December 31, 2009 was \$2,394,000 and the 2010 budget appropriates another \$987,000 to set aside for future capital and infrastructure needs. The Township anticipates additional land sale money to be received in 2010 and currently plans to set those funds aside for capital purposes.

The 2010 capital program is highlighted by road and drainage improvements, the total of which over the six year plan is estimated at more than 7.3 million dollars. Additional drainage problems have been identified in 2010 due to flooding from the winter storms and the capital plan estimates these additional drainage projects to approximate \$700,000. The Township anticipates authorizing bonds and notes to fund these projects in 2010. Other capital items anticipated in 2010 is the purchase of equipment for the Police Department totaling \$273,700; Improvement to Public Buildings totaling \$165,000; Purchase and Replacement of Public Works Equipment for \$75,000; and Improvements to the Township Parking Lot for \$75,000. These smaller capital improvements will be funded utilizing a "pay as you go" approach.

In the General Capital Account, the Township currently has two General Improvements Bonds issued and outstanding. The General Improvement Bonds of 2002 will be retired in March 2012 and the General Improvement Bonds of 2007 will be retired in July 2016. The Township's capital planning for the future will feature a combination of projects funded on a "pay as you go" basis and projects being funded by the issuance of debt. It is the hope that this planning will provide stability in the total debt service appropriations over time and new infrastructure debt service from the aforementioned projects will replace retired issues in 2012 and 2016 without significant impact on the local purpose tax rate.
