2014 CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

C - 1

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

During the four (4) year period 2007 through 2010, the Township of Middle has appropriated funds received from the sale of Township land amounting to \$3,701,000 into the capital improvement fund to set money aside for future capital improvements. The balance in that fund at December 31, 2013 was \$1,836,784 and the 2014 budget does not appropriate any additional funds.

The 2010 capital program was highlighted by road and drainage improvements, the total of which over the six year plan is estimated at more than 7.3 million dollars. Additional drainage problems were identified in 2010 due to flooding from the winter storms and the capital plan estimates these additional drainage projects to approximate \$700,000. The Township approved \$4,230,000 for these projects in 2010 authorizing \$3,990,000 in bonds and notes. Additional capital items were authorized in 2012 that included the purchase of equipment and radio upgrades for the Police Department for \$108,500; Public Building and HVAC improvements for \$92,000; Public Works Equipment for \$57,177; and EMS Visibility Jackets for \$5,000. These smaller capital improvements were funded utilizing a "pay as you go" approach using the aforementioned funds set aside for future capital improvements from land sale proceeds. Following is a recap of capital expenditures for the above mentioned projectes at December 31, 2013;

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

Capital projects requested by Departments for 2014 and beyond include the purchase of police computer equipment, mobile data terminals, rain gear and radar display signs for \$74,100; Public Works Equipment includes a Leach Packer, Tractors and Mowers and a vehicle that together total \$430,574; Public Building improvements such as window replacement at Town Hall and the Goshen Complex, improvements at Township Hall and roof replacement at Township Hall that all together totals \$142,200. Additional recreation improvements and equipment purchases are projected to cost \$263,000. If Township Committee moves forward with this plan, they will have the option of funding it from the capital improvement fund or perhaps authorizing debt for larger items.

In the General Capital Account, the Township currently has one General Improvement Bond issued and outstanding. The General Improvement Bonds of 2002 were be retired in March 2012 and the General Improvement Bonds of 2007 will be retired in July 2016. The Township's capital planning for the future will feature a combination of projects funded on a "pay as you go" basis and projects being funded by the issuance of debt. It is the hope that this planning will provide stability in the total debt service appropriations over time and new infrastructure debt service from the aforementioned projects will replace retired issues in 2012 and 2016 without significant impact on the local purpose tax rate with the ultimate goal of funding most capital improvements on a "pay as you go" basis and continue to reduce Township debt.
