## 2015 CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means. **CAPITAL BUDGET** - A plan for all capital expenditures for the current fiscal year. If no Capital Budget is included, check the reason why: Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line items and Down Payments on Improvements. No bond ordinances are planned this year. CAPITAL IMPROVEMENT PROGRAM - A multi-year list of planned capital projects, including the current year. Check appropriate box for number of years covered, including current year: 3 years. (Population under 10,000) 6 years. (Over 10,000 and all county governments) years. (Exceeding minimum time period) Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

C - 1

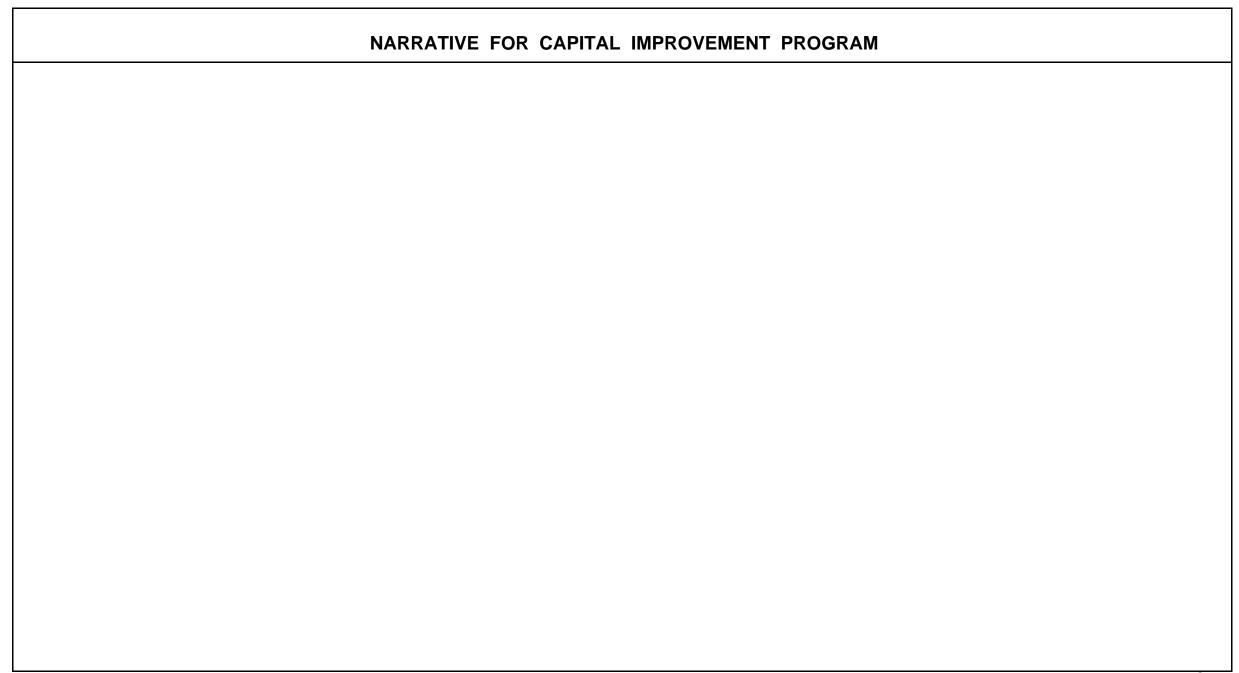

#### NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

Capital projects requested by Departments for 2015 and beyond include the purchase of police computer equipment.

Public Works Equipment includes a Leaf Packer, Tractors and Mowers and a vehicle; Public Building improvements such as window replacement at Town Hall and the Goshen Complex, improvements at Township Hall and roof replacement at Township Hall. Additional recreation improvements and equipment purchases. If Township Committee moves forward with this plan, they will have the option of funding it from the capital improvement fund or perhaps authorizing debt for larger items.

In the General Capital Account, the Township currently has one General Improvement Bond issued and outstanding. The General Improvement Bonds of 2002 were be retired in March 2013 and the General Improvement Bonds of 2007 will be retired in July 2016. The Township's capital planning for the future will feature a combination of projects funded on a "pay as you go" basis and projects being funded by the issuance of debt. It is the hope that this planning will provide stability in the total debt service appropriations over time and new infrastructure debt service from the aforementioned projects will replace retired issues in 2013 and 2016 without significant impact on the local purpose tax rate with the ultimate goal of funding most capital improvements on a "pay as you go" basis and continue to reduce Township debt.
