Independent Auditor's Report

The Honorable Mayor and
Members of Township Committee
Township of Middle, New Jersey

Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the Township of Middle, as of December 31, 2020 and 2019, the related statement of operations and changes in fund balance - regulatory basis for the year then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles.

As described in Note 1 of the financial statements, the financial statements are prepared by the Township of Middle on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Township of Middle as of December 31, 2020 and 2019, or changes in financial position for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis balance sheets and account group as of December 31, 2020 and 2019, the regulatory basis statements of operations for the years then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2020 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Middle’s basic financial statements. The supplementary information listed in the table of and the letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information listed in the table of contents is the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information listed in the table of contents is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the variances between the regulatory basis of accounting and accounting principles generally accepted in the United States of America, it is inappropriate to and we do not express an opinion on the supplementary information referred to above.

The letter of comments and recommendations section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 13, 2021 on our consideration of the Township of Middles internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Middle's internal control over financial reporting and compliance.

Very truly yours,

FORD, SCOTT & ASSOCIATES, L.L.C.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2020 AND 2019

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Except as noted below, the financial statements of the Township of Middle include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Township of Middle, as required by N.J.S. 40A:5-5.

The Township of Middle is an inland community located in the County of Cape May, State of New Jersey. The population according to the 2010 census is 18,911. The Township was incorporated in 1798 and operates under a Committee form of government.

Component units are legally separate organizations for which the Township is financially accountable. The Township is financially accountable for an organization if the Township appoints a voting majority of the organization's governing board and (1) the Township is able to significantly influence the programs or services performed or provided by the organization; or (2) the Township is legally entitled to or can otherwise access the organization's resources; the Township is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provide financial support to the organization; or the Township is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the entity in that the entity approves the budget, the issuance of debt or the levying of taxes. The Township has no component units.

B. Description of Funds

The accounting policies of the Township of Middle conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with the respect to public funds. Under this method of accounting, the Township of Middle accounts for its financial transactions through the following separate funds:

Current Fund -- resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds -- receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund -- receipt and disbursement of funds for the acquisition of general facilities, other than those acquired in the Current Fund.

Sewer Operating and Capital Funds -- account for the operations of the sewer utility and acquisition of sewer capital facilities other than those acquired in the Current and General Capital Funds.

General Fixed Assets Account Group -- All fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in governmental funds.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant policies in New Jersey follow.

A modified accrual basis of accounting is followed with minor exceptions.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2020 AND 2019

Revenues -- are recorded as received in cash except for certain amounts, which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the Township budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund, in addition the receivables for utility billings are recorded with offsetting reserves in the Utility Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Expenditures -- are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements. Appropriation reserves covering unencumbered appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the Governing Body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; interest on utility capital indebtedness is on the accrual basis. Compensated absences are treated on a pay as you go basis with no amount charged to operations in the year incurred.

Foreclosed Property & Property Deeded to Township -- Foreclosed Property and Property Deeded to Township are recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds -- Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets.

General Fixed Assets -- The Township has developed a fixed assets accounting and reporting system, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

As required by New Jersey Statutes, foreclosed property is reported in the current operating fund of the municipality.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value on the date of acquisition. Expenditures for long lived assets with an original cost in excess of \$5,000 are capitalized.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2020 AND 2019

Property and equipment purchased by the Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represents charges to operations for the costs of acquisitions of property, equipment and improvements. The utility does not record depreciation on fixed assets.

Levy of Taxes -- The County Board of Taxation certifies the tax levy of the municipality each year. The tax levy is based on the assessed valuation of taxable property within the municipality. Taxes are payable on the first day of February, May, August, and November. Any taxes that have not been paid by 11th day of the 11th month in the fiscal year levied are subject to being included in the tax sale and the lien enforced by selling the property in accordance with NJSA 54:5 et. seq.

The municipality is responsible for remitting 100% of the school and county taxes to the respective agency. The loss for delinquent or uncollectible accounts is borne by the municipality and not the school district or county.

Interest on Delinquent Taxes – It is the policy of the Township of Middle to collect interest for the nonpayment of taxes or assessments on or before the date when they would become delinquent. The Tax Collector is authorized to charge eight percent (8%) per annum on the first \$1,500.00 of taxes becoming delinquent after due date and eighteen percent (18%) per annum on any amount of taxes in excess of \$1,500.00 becoming delinquent after due date and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31st, an additional penalty of six percent (6%) shall be charged against the delinquency. There is a ten day grace period.

Levy of Utility Charges – The Township operates a sewer utility fund. Rates are determined by ordinance and changed as necessary. Sewer charges are based on flat fees and usage based on the type of entity. Charges are billed semi-annually and due semi-annual installments on March 20 and September 20.

Interest on Delinquent Utility Charges -- It is the policy of the Township to collect interest for the nonpayment of utility charges on or before the date when they would become delinquent. The Utility Collector is authorized to charge eight percent (8%) per annum on the first \$1,500.00 of charges becoming delinquent after due date and eighteen percent (18%) per annum on any amount of charges in excess of \$1,500.00 becoming delinquent after due date.

Capitalization of Interest -- It is the policy of the Township of Middle to treat interest on projects as a current expense and the interest is included in both the current and utility operating budgets.

Use of Estimates -- The preparation of financial statements in conformity with generally accepted accounting principles or the statutory basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

D. Required Financial Statements

The State of New Jersey requires the following financial statements to be presented for each fund on the regulatory basis of accounting: Balance Sheet, Statement of Operations and Changes in Fund Balance, Statement of Revenue and Statement of Expenditures. These statements differ from those presented under Generally Accepted Accounting Principles, which requires a Statement of Net Position and Statement of Activities in addition to the fund financial statements.

E. Comparative Data

Comparative total data for the prior year has been presented in the accompanying Balance Sheets and Statement of Operations in order to provide an understanding of changes in the Township's financial

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2020 AND 2019

position. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in the Statement of Revenue-Regulatory Basis and Statement of Expenditures-Regulatory Basis since their inclusion would make the statements unduly complex and difficult to read.

F. Recent Accounting Pronouncements Not Yet Effective

In May 2019, the Governmental Accounting Standards Board (GASB) issued Statement No. 91, "Conduit Debt Obligations". This statement is effective for fiscal periods beginning after December 15, 2020, will not have any effect on the Township's financial reporting.

In January 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 92, "Omnibus 2020". This statement is effective for fiscal periods beginning after June 15, 2020, with the exception of the provisions affecting GASB 87 which is effective upon issuance, will not have any effect on the Township's financial reporting.

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 93, "Replacement of Interbank Offered Rates". This statement is effective for fiscal periods beginning after June 15, 2020, will not have any effect on the Township's financial reporting.

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 94, "Public-Private Partnerships and Availability Payment Arrangements". This statement is effective for fiscal periods beginning after June 15, 2022, will not have any effect on the Township's financial reporting.

In May 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 96, "Subscription-Based Information Technology Arrangements". This statement is effective for fiscal periods beginning after June 15, 2022 and will not have any effect on the Township's financial reporting.

In June 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32". This statement is effective for fiscal periods beginning after June 15, 2021, and will not have any effect on the Township's financial reporting.

Note 2: BUDGETARY INFORMATION

Under New Jersey State Statutes, the annual budget is required to be a balanced cash basis document. To accomplish this, the municipality is required to establish a reserve for uncollected taxes. The 2020 and 2019 statutory budgets included a reserve for uncollected taxes in the amount of \$369,313.65 and \$358,623.56. To balance the budget, the municipality is required to show a budgeted fund balance. The amount of fund balance budgeted to balance the 2020 and 2019 statutory budgets was \$2,048,238 and \$1,764,776. In addition, the Township operates a self-liquidating sewer utility. Under New Jersey Statutes, a separate budget for the utility must be adopted concurrently with the operating budget of the Township. The utility budget must be a balanced cash basis budget with fund balance being used to balance the budget. The amount of fund balance budgeted to balance the 2020 and 2019 statutory budgets was \$179,839 and \$400,000. The Chief Financial Officer has the discretion of approving intra department budgetary transfers throughout the year. Inter department transfers are not permitted prior to November 1. After November 1 these transfers can be made in the form of a resolution and approved by the Township Council. The following significant budget transfers were approved in the 2020 and 2019 calendar years:

The Township may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budgets of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. The Township approved an emergency appropriation in 2019 for \$46,000. The emergency was for additional unanticipated costs in the Utility Fund. This amount was included in the 2020 budget.

Note 3: CASH

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The municipality's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. Under the act, all demand deposits are covered by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds or funds that may pass to the municipality relative to the happening of a future condition. As of December 31, 2020 and 2019, \$638,199.20 and \$611,983.94 of the municipality's bank balance of \$12,655,937.04 and \$13,885,171.10 respectively was exposed to custodial credit risk.

Note 7: SCHOOL TAXES

The Township is responsible for levying, collecting and remitting school taxes for the Middle Township School District.

Local District School Tax in the amounts of \$29,334,670.00 and \$28,364,648.00 have been raised for the 2020 and 2019 calendar years and remitted or due to the school district. The school tax levy is determined by taking 50% of the prior year and 50% of the current year requirements, plus the actual amount needed for debt service.

Fund balance is charged for the full amount required to be raised from taxation to operate the local school district for the period from January 1 to December 31, and for the regional high school district the Township's share of the amount required to be raised by taxation for the period from July 1 to June 30, decreased by the amount deferred at December 31, 2019, and decreased by the amount deferred at December 31, 2020. GAAP would require the recording of a deferred revenue. The following schedule illustrates school taxes payable and school taxes deferred at December 31st for the last two years.

Note 9: PENSION FUNDS

Description of Plans

Substantially all of the Township's employees participate in the Public Employees' Retirement System (PERS) and Police and Fireman's Retirement System (PFRS) cost sharing multiple-employer defined benefit pension plans which have been established by State Statute and are administered by the New Jersey Division of Pensions and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the system terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the systems. This report may be obtained by writing to the Division of Pension and Benefits, PO Box 295, Trenton, New Jersey 08625 or the report can be accessed on the internet at - <http://www.state.nj.us/treasury/pensions/annrpts.shtml>.

Public Employees' Retirement System

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system.

Police and Fireman's Retirement System

The contribution policy for the Police and Fireman's Retirement System (PFRS) is set by N.J.S.A. 43:16 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PFRS provides for employee contributions of 10.0% of employees' annual compensation, as defined. Employers are required to contribute to an actuarially determined rate.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PERS provided for employee contributions of 7.50% of employee's annual compensation, as defined. Employers are required to contribute to an actuarially determined rate in PERS. The current PERS rate is 13.69% of covered payroll. The Township's contributions to PERS for the years ended December 31, 2020, 2019, and 2018 were \$451,259, \$426,910, and \$428,676.

The contribution policy for the PFRS is set by N.J.S.A. 43:16 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New

Jersey legislation. PFRS provides for employee contributions of 10.0% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate. The Township's contributions to PFRS for the years ended December 31, 2020, 2019, and 2018 were \$1,344,409, \$1,213,854, \$1,125,542.

The total payroll for the year ended December 31, 2020, 2019 and 2018 was \$9,706,191.93, \$9,608,231.00, and \$9,569,288.67. Payroll covered by PFRS was \$4,484,766.00, \$4,518,147.00, and \$4,451,024.00. Payroll covered by PERS was \$3,261,493.00, \$3,179,406.00, and \$3,116,746.00.

Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members.
- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PFRS active member rate increase from 8.5% to 10%. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, special retirement under the PFRS, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to $\frac{1}{60}$ th from $\frac{1}{55}$ th, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. For new members of the PFRS, the law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for social security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary. This law

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined a 1/7th of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

Note 10: PENSION LIABILITIES

In 2012, the Governmental Accounting Standards Board issued GASB statement 68. This statement is effective for fiscal years beginning after June 15, 2014. This statement changes the method of reporting the Township's pension liabilities. However, due to the fact that the Township reports on the regulatory basis of accounting, no financial statement impact will be recognized.

The following represents the Township's pension liabilities as June 30, 2020:

Public Employees' Retirement System

The Township has a liability of \$7,174,015.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019 that was rolled forward to June 30, 2020. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the Township's proportion is 0.04399243040%, which was a decrease of 1.84% from its proportion measured as of June 30, 2019.

For the year ended December 31, 2020, the Township would have recognized pension expense of \$244,124.00. At December 31, 2020, the Township would report deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Changes of assumptions	\$ 232,733.00	3,003,828.00
Difference between Expected & Actual Experience	130,627.00	25,370.00
Net difference between projected and actual earnings on pension plan investments	245,214.00	
Changes in proportion and differences between Twp. contributions and proportionate share of contributions	<u>607,687.00</u>	<u>426,431.00</u>

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2020 AND 2019

Amounts that would be reported as deferred outflows of resources and deferred inflows of resources related to pensions would be recognized in pension expense as follows:

2021	\$	(832,800.00)
2022		(759,260.00)
2023		(433,898.00)

2025		(37,949.00)
Total	\$	<u>(2,239,368.00)</u>

Actuarial Assumptions

The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following assumptions, applied to all periods in the measurement:

Inflation rate		
Price		2.75%
Wage		3.25%
Salary increases:		
Through 2026		2.00% – 6.00% (based on years of service)
Thereafter		3.00% - 7.00% (based on years of service)
Investment rate of return:		7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disable retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on generational basis. Mortality improvement is based on Scale MP-2019.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected

rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
US equity	27.00%	7.71%
Non-U.S. developed markets equity	13.50%	8.57%
Emerging markets equity	5.50%	10.23%
Private equity	13.00%	11.42%
Real assets	3.00%	9.73%
Real estate	8.00%	9.56%
High yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment grade credit	8.00%	2.67%
Cash equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk mitigation strategies	3.00%	3.40%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Township's proportionate share of the net pension liability to changes in the discount rate.

The following presents the Township's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the Township's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage point higher (8.00%) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Township's proportionate share of the net pension liability	\$ 8,544,232	7,174,015	6,012,843

Police and Firemen's Retirement System

The Township has a liability of \$16,980,642.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as July 1, 2019 that was rolled forward to June 30, 2020. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the Township's proportion is .131413381800%, which is a decrease of 4.26% from its proportion measured as of June 30, 2019.

For the year ended December 31, 2020, the Township would have recognized pension expense of \$1,265,781.00. At December 31, 2020, the Township would have reported deferred outflows of resources and deferred inflows of resources related to PFRS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 42,731.00	4,552,328.00

For healthy annuitants, post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries, the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a 152% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be made based 78% of the actuarially determine contributions for the State employer and 100% of actuarially determined contributions for local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Township's proportionate share of the net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Townships's proportionate share of the net pension liability	\$ 21,946,660	16,980,642	12,856,095

In addition to the PFRS liabilities listed above, a special funding situation exists for the Local employers of the Police and Fire Retirement System of New Jersey. The State of New Jersey, as a non-employer, is required to pay the additional costs incurred by Local employers under Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The June 30, 2020 State special funding situation net pension liability amount of

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2020 AND 2019

\$2,005,329,818.00, is the accumulated differences between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The fiscal year ending June 30, 2020 State special funding situation pension expense of \$227,263,993.00 is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2020. The pension expense is deemed to be a State administrative expense due to the special funding situation.

The contribution policy for PFRS is set by N.J.S.A. 43:16A and required contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. For fiscal year 2020, the State contributed an amount less than the actuarially determined amount.

Although the liabilities related to the special funding situation are the liabilities of the State of New Jersey, the proportionate share of the statewide liability allocated to the Township of Middle was 0.13141338180% for 2020. The net pension liability amounts allocated to the Township was \$2,635,272.00. For the fiscal year ending June 30, 2020 State special funding situation pension expense of \$298,655.00 is allocated to the Township.

Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued PFRS financial report.

Note 11: OTHER POST-RETIREMENT BENEFITS

General Information about the Plan:

The Township offers Other Post-Retirement Benefits (OPEB) to its employees through the State Health Benefit Local Government Retired Employees Plan (the Plan) a cost-sharing multiple employer defined benefit other postemployment benefit plan. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at:

<https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of post retirement medical coverage for employees and their dependents who:

1) retired on a disability pension;

or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer;

or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

time of retirement as established by the employer;

or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

Pursuant to Chapter 78, P.L., 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Allocation Methodology:

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB expense, however under the Regulatory Basis of Accounting followed by the Township these amounts are not accrued or recorded in the financial statements and the information listed in this note is for disclosure purposes only. Statewide across all member employers, the special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are based on separately calculated total OPEB liabilities. For the special funding situation, where applicable, and the nonspecial funding situation, the Collective Total OPEB liabilities for the year ended June 30, 2019 were \$5,637,151,775 and \$8,182,092,807, respectively. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's non special funding situation during the measurement period July 1, 2018 through June 30, 2019. Employer and non-employer allocation percentages have been rounded for presentation purposes.

Net OPEB Liability:

Components of Net OPEB Liability

The components of the collective net OPEB liability of the participating employers in the Plan as of June 30, 2019 is as follows:

	June 30, 2019	
	Collective Total	Proportionate Share
Total OPEB Liability	\$ 13,819,244,582	\$ 28,915,940
Plan Fiduciary Net Position	273,173,482	571,599
Net OPEB Liability	\$ 13,546,071,100	\$ 28,344,341
Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	1.98%	1.98%

At June 30, 2019 the Township's proportionate share of the Collective Net OPEB Liability was \$28,344,341. The Township's proportion of the Collective Net OPEB Liability was 0.209244% which was an increase from the prior year of 100.00%.

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2020 AND 2019**

For the Year ended June 30, 2019 the Township's Total OPEB Expense was \$5,665,679.

The total OPEB liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.50%
Salary increases*:	
PERS Initial fiscal year applied	
Rate through 2026	2.00% to 6.00%
Rate thereafter	3.00% to 7.00%
PFRS	
Rate for all future years	3.25% to 15.25%

* Salary increases are based on years of service within the respective plan.

Mortality:

PERS: Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2019

PFRS: Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2019

Actuarial assumptions used in the July 1, 2018 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2020 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years.

Discount Rate

The discount rate for June 30, 2019 was 3.50%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following presents the Net OPEB liability as of June 30, 2019, calculated using the discount rate as disclosed above as well as what the Net OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2020 AND 2019

Note 12: ACCRUED SICK AND VACATION BENEFITS

The Township has permitted employees to accrue unused sick time, which may be taken as time off or paid at a later date at an agreed upon rate. It is estimated that the cost for the most current calendar year of such unpaid compensation would approximate \$1,484,259.50 in 2020 and \$1,315,839.86 in 2019. This amount is not reported either as an expenditure or liability due to the likelihood of all employees terminating in one fiscal year being improbable. Township employees are entitled to fifteen sick leave days each year. Vacation days are earned based on years of service. Employees are entitled to 12 vacation days for the first year of employment, 14 days for 2 through 5 years of service, 17 days for 6 through 10 years of service, 20 days for 11 through 15 years of service, and 25 days for 16 through 20 years or more of service. Over 20 years is 30 days a year. Sick and vacation days accumulated through December 31, 1986 have been credited to the employees and will be reimbursed at 100% of the employees' daily rate of pay upon retirement. Beginning January 1, 1987, unused sick leave may be accumulated and carried forward to subsequent years, and at retirement the employee will be reimbursed for days not used, not to exceed the amount of \$12,000 (PBA \$12,500). Vacation days earned may be carried over for one year only, unless extended by the Township Administrator with the recommendation of the department head.

The Township has established a Compensated Absences Trust Fund to set aside funds for future payments of compensated absences. The balance of the fund was \$154,478.17 at December 31, 2020, and \$170,613.82 at December 31, 2019.

The policy of not reflecting the accrued benefit is not in agreement with GASB Statement No. 12 but is required by the State of New Jersey. Effective January 1, 2002, the State of New Jersey is allowing municipalities to accrue a compensated absences liability. The Township does not record the liability.

Note 13: ECONOMIC DEPENDENCY

The Township of Middle is not economically dependent on any one business or industry as a major source of tax revenue.

Note 14: RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The Township maintains commercial insurance coverage for property and liability. During the year ended December 31, 2019 and 2018, the Township did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

Joint Insurance Fund

The Township of Middle is a member of the Atlantic County Municipal Joint Insurance Fund. The Fund provides its members with the following coverages:

Workers' Compensation
General Liability, Law Enforcement Liability
Employee Benefits Liability
Public Official Liability
Property, Real and Personal
Automobile Liability
Boiler and Machinery
Crime, Fidelity

Contributions to the Fund, including a reserve for contingencies, are payable in two installments, and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2020 AND 2019

order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

Note 15: DEFERRED COMPENSATION

Employees of the Township of Middle may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans With Respect to Service for State and Local Governments). The deferred compensation plan is available to all employees of the Township. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency.

Three unrelated financial institutions administer the deferred compensation plan. Under the terms of an IRC Section 457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts held by the financial institutions until paid or made available to the employees or beneficiaries, are the property of the employees.

As part of its fiduciary role, the Township has an obligation of due care in selecting the third party administrators. In the opinion of the Township's legal counsel, the Township has acted in a prudent manner and is not liable for losses that may arise from the administration of the plan.

Note 16: CONTINGENT LIABILITIES

From time to time, the Township is a defendant in legal proceedings relating to its operations as a municipality. In the best judgment of the Township's management, the outcome of any present legal proceedings will not have any adverse material effect on the accompanying financial statements.

Note 17: INTERFUND BALANCES

During the most current calendar year ended December 31, 2020, the following interfunds were included on the balance sheets of the various funds of the Township of Middle and are expected to be returned within one year:

Independent Auditor's Report

The Honorable Mayor and
Members of Township Committee
Township of Middle, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory basis financial statements of the various funds and account group as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated August 13, 2021, which was adverse due to being presented in accordance with the New Jersey regulatory basis of accounting.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an

opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

TOWNSHIP OF MIDDLE

PART II

LETTER OF COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2020

{THIS PAGE IS INTENTIONALLY LEFT BLANK}

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-4 states, "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law." The Township's bid threshold was \$44,000.

The governing body of the Township of Middle has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in a violation of the statute, the Township Committee's opinion should be sought before a commitment is made.

Our examination of expenditures did not reveal any payments in excess of the bid threshold for the provision or performance of any goods or services, other than those where bids had been previously sought by public advertisement, awarded under state or county cooperative purchasing agreements, or awarded in compliance with other provisions of the "Local Public Contracts Law," N.J.S.A. 40A:11.

The minutes indicate that bids were sought by public advertising for the following items:

Solid Waste Collections
Landscape Services
Roadway Improvements

Home Rehabilitation Program
Police Uniforms

Collection of Interest on Delinquent Taxes and Assessments

The statutes provide the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body adopted the following resolution authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED by the Township Committee of the Township of Middle, in accordance with Chapter 75, New Jersey Laws of 1991, and N.J.S.A. 54:4-67, 54:5-32, 54:5-34 and 54:5-35, which authorizes the Governing Body inter alia to fix the rate of interest to be charged, in the Township of Middle, for the nonpayment of taxes, assessments and municipal charges, said rate of interest shall be and is hereby fixed at 8 per cent per annum on the first \$1,500 of delinquency and 18 per cent per annum on any amount in excess of \$1,500 to be calculated from the date when the taxes, assessments and charges become delinquent.

This Resolution shall take effect January 1, 2020.

It appears from an examination of the Collector's records that interest was charged in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The tax sale was held on December 16, 2020 and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31st of the last three years.

<u>Year</u>	<u>Number</u>
2019	692
2019	683
2018	680

It is essential to good management that all means provided by the statutes be utilized to liquidate tax title liens in order to get such properties back on a tax-paying basis.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent taxes and charges, as well as current payments, was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2020 and 2021 Taxes	10
Delinquent Taxes	2
Payment of Sewer Rents	10

Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.
